Grade 4 Referee Qualification

The Grade 4 referee qualification is an introduction into the world of indoor volleyball refereeing. The benefits of taking such a course are varied as it will not only allow you to referee games as a qualified and competent referee (therefore becoming eligible for paid refereeing opportunities in your region), but also will increase your knowledge and understanding of the rules as a participant.

Volunteers and Officials in sport are vital for volleyball to be enjoyed by all and I'm sure that if you attend, it can only improve your experience and understanding of the game and your contribution to your volleyball community.

The course is run over 2 days and comprises of practical and theory lessons. There is a section on completion of scoresheets and there is an exam at the end of the course

If you live in the Plymouth Area, there are opportunities for contributions to be made towards the cost of the course if you apply for an individual grant aid. I can provide you with that information if you are eligible.
