

Registering as a coach with overseas volleyball coaching qualifications

Volleyball England welcomes registrations from coaches with volleyball coaching qualifications from other federations. For a coach to register in England we must assess the level of prior qualifications awarded by another national federation for equivalence with Volleyball England's coaching qualifications.

To do this, please send the following to Chris Stott :

A copy of your relevant volleyball coaching qualifications (hard or electronic), which should include the following information:

The name of the awarding body/national federation

The level of the course

The date the course was passed

To help us decide the equivalent level of your qualification in England we also need you to send information regarding the content of the courses you have attended (a course syllabus) or a link to a website where this information can be sourced.

We would prefer the information in English to aid the translation to Volleyball England qualifications.

When you have provided us with this information, Volleyball England Coaches Commission will assess your qualifications against the syllabus for Volleyball England qualifications. We will then inform you of your equivalent qualification level and how you can register as a coach.

For any further questions or queries please contact Chris Stott
